

Instructions for accessing the Nextgen IULDUG system.

From 1 July 2024 ULD CARE will move to a new IULDUG system, offering not only the traditional airline to airline interline transaction functions very similar to the existing system but also enabling a capability to handle transactions involving non-airline parties such as freight forwarders.

To access the new system please go to <https://uldigital.aero/> and select the link: [Click Here For Live System Access](#).

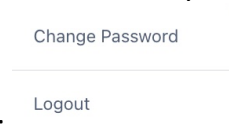

This opens the user name and password entry screen:

Your details will be sent to you by ULD CARE via email during June 2024.

Once logged in please change your password:

In the top right hand corner of the screen see your name a next to it small drop down arrow,

select the arrow to get this box :
new password.

select Change Password and set up your

You are then able to browse the system at your leisure.
